

As the name suggests, the Foot of the Mon sits at the foot of the Monongehela Mountain. This cabin has served my family and I well as my daughters' favorite place to splash and play in the summer sun. The hotel across that street shares access to their watering hole which boasts a natural pool and waterfall. These waters flow fresh from the mountains and eventually tumble into the Monongehela River.

The cabin features: two bedrooms on first floor, lofted bedroom on second floor, full bathroom, living room, fully equipped kitchen and dining area, laundry room, back patio, front three season room. Sleeps 6 comfortably.
